Legislative Records of the Council, xvi.,

House Journal, pp. 31, 32. Province Laws, xi., 787, chap. 198; 792, chap. 210. *Infra*, chap. 30.

The Report of the Comtee for laying out the house Lotts in the two Towns on Ashuelet River June 1734.

Pursuant to the Order of the Great & General Court we Repaired to Ashuelet where we found in each of the said Towns Respectivly That a very large Body of the Land lyes in one entire parcell being Interval Land and other low lands Altogether Unsuitable for House Lotts and from the best View & observation that we Respectivly were able to make of the value and quality of the Land there. We Apprehend it Impracticable to lay it out in a Defenceable manner and to lay out between twenty & forty Acres to each house Lot According to the order of the Court and there being (in our humble Opinion) no other way in which the House lotts could be laid out but would Render (at least) many of them far less Accommodable to the Intervals and also very Scattering and Remote

We Concluded that to lay out Small House lotts lying Contiguous & also Convenient for the Interval lands would be more agreeable to the Intentions of this Honble Court then either for us to Desist & Return without doing anything or to lay out large Lotts which must have been Extreemly Scattering & indefencible and therefore proceeded as follows viz' To lay out in the uppermost of the said Ashuelet Townships fifty four Lotts in the most Convenient place for Building on & adjoyning to each other each Lott Containing eight Acres and that place not Accomodating more lotts there, we were obliged to lay out the other Nine Lotts about three Quarters of a Mile Distant from the Fifty four Lotts aforesaid We also laid out a Street thrô each Division of Land aforesaid four Rods wide.

In the other Township of Ashuelet we Could find but one parcell of Land Sutable for House lotts (in alike Compact and Defenceable manner) which is a Plan consisting of no more than about four hundred Acres and therefore were obliged to lay out the whole number of lots being Sixty three in that place which yet would not afford above Six Acres (exclusive of Ways) to each house without Runing upon Intervals or mountanous lands which would be very Difficult to Equalize and a great part thereof fit for Neither Tillage nor mowing We therefore laid out the whole Sixty three Lotts there and also a Street of Eight Rods wide and whereas each Settler is obliged within the Term aforesaid to till or fitt for moving Eight Acres within five Years We humbly propose that no damage or forfeiture Accrue to any Settler who shall within the Term aforesaid till or fit for moving his house Lott there and shall also as soon as may be next after another Lott or division of Land shall be laid out till or fit for mowing the Remainder of said Eight Acres on such other Lott or Division which with the whole of this Representation or Report is humbly Submitted to the Wisdom & Candour of this Honbl Court

Legislative Records of the Council, xvi., 71.

Province Laws, xi., 675, chap. 61; 762, chap. 137. The Com^{tee} Appointed to Enquire into the Claims of Indians to Lands in the western parts gave in the following Report viz^t

Pursuant to the order of the General Assembly within mentioned we Went to Northfield where we Examined their Deeds of lands purchased about the time of their first Settlement and found that the lands on the Westside of Connecticutt River were purchased from the lower end of Northfield Township as far North as west River which includes the two Meadows Claimed by Mecanumbee; thence we went to Fort Dummer; where we met with about twenty Indians but Mecanumbee was gone to Canada. We Endeavoured to Satisfy those that were present that the Lands Claimed by him had been Anciently purchased; they Seemed little Concerned about this Claim; Capt Kellog informed us that many of them had told him that they did not think Mecanumbee had any Right to those Lands: Sonkees was likewise gone ahunting, So that we had no Oppertunity to discourse with him about the Claim he makes on Merrimack River; the main thing they insisted on was the Claim of Ompamet to Lands on each Side Connectientt River, about two Miles up & down the River, begining at a Brook on the East side of the River that emptieth into the Great River near to Taylors Island & Runing down the River a little below the Great Meadow part of the Equivalent land & part of the land laid out to the heirs of the late Honble Colo Tailer And the Indians Agreed that those Meadows belonged to Ompawmet, and that they had never sold them; which we Judged was probably true; Ompawmet first Asked Three hundred pounds, but withal told us they did not know the value of Land; but after some discourse he let us know he was willing to take One hundred pounds: There was also An Indian in behalf of Francois his Friend that was absent that Challenged a Tract of Land on Sunderland Road, that leads to Lancaster being two hills of Good Land, where a herd of Cattle had been kept the Summer past, but was not able Distinctly to bound it; there were two Squaws (one was the Wife of Wamshaw)

that Challenged a Tract of Land on Deerfield River begining about ten Miles West from Deerfield They desired that the Government would purchase these two parcells of Land; We told them We had not been instructed with Respect to these two last parcells of Land but on their Desire would Acquaint the Government with their Claims and the Price of Ompawmets Land and they would do what they that fit The Indians Seemed Satisfied therewith and were willing to Wait the Determination of the Government

VOTE ACCEPTING THE REPORT ON THE SALEM AFFAIR ABOUT A MINISTER.

The Comtee Appointed to Repair to Salem on the petition of Benja-Legislative min Lynde jun' Esq' and others, a Comtee of the first Parish in Salem, Records of the Council, xvi., in behalf of said Parish, Setting forth the Difficultys they labour under, 254. as by said petition Appears, as also the Answers of M' Samuel Fisk & House Jouralso of M' James Ruck Nath' Osgood Timothy Pickering and John Coles, nat. pp. 156, 157, and also of a Considerable number of other persons belonging to the said p. 101, chap. Parish, being M' Fisk's Adherents, and to hear the partys thereon, view chap. 118. the Distance between the Meeting house in said Parish & the place proposed by the Respondents for erecting a New Meeting house on, & consider and Report what may be proper for the Court to do thereon; Having duly Notified the partys, did publickly Attend that Service in the Town house there, on the Eighth Ninth & tenth days of this Instant December; when the partys Appeared but Mr Fisk Refused to Support his Answer to the petition because the Comtee had not directed the Notifieation to him as Pastor of the first Church of Christ in Salem, as did also Mess^{rs} James Ruck, Nathl Osgood, Timothy Pickering, & John Coles because they were not Notified as a Comtee of the first Church of Christ in Salem And altho they were informed by the Comtee that in Supporting their Answer they might call themselves Pastor & Comtee of said Church, Yet they thô often Urged thereto absolutly declined so doing, unless the Comtee would Alter the Stile of the Notification and thereby Acknowledge them as such; but as they were a part of the pet^{rs} of the parish, they with others did not Refuse to Support that Answer and desired Mr Fisk might Speak for them which he did; In which was couched Sundry things contained in the other Answers, and thereby they Virtually endeavoured to Support those Answers; And the partys being fully heard thereon, the Comtee are of Opinion that the Petrs have fully Supported their petition, as to the principal and Material Matters therein contained; and that the petrs and others their Adherents of the first Parish and Church of Salem have long laboured under many great and greivous difficultys, Occasioned by the Extraordinary and Arbitrary proceedings and male Conduct of Mr Samuel Fisk, their late Pastor: It also Appears to the Comtee that the Aggreived Brethren of the said Church have used due & proper means for Accommodating the Unhappy differences Among them, viz' between them and the said Mr Fisk; which failing of the desired Success, a majority of the Brethren of the said Church, Agreeable to a Vote of the Parish, desiring the Same, did on the Eighteenth day of April last past Dismiss the said M^{r} Fisk from the Pastoral office Among them, as far as they could; Which we Apprehend is Agree-

able to an Explanatory Resolve of the Great and General Court of the Sixteenth of said April. We have also Measured the distance between the present Meeting house and the place where the Respondents have latly Erected a Frame of a meeting house, and find it to be twelve perch and Eleven foot, yet we Apprehend they are not so distant as to be free from Interrupting One Another in time of divine Service at all times; And the said Mr Fisk and his Adherents Remaining Obstinate as to the Accepting of Reasonable Terms of Accomodation or Reconcilation, which were made to them before the Comtee that the Petrs should take the Frame and land whereon it Stands, as the same shall be Appraized by Indifferent men and procure for Mr Fisk & his Adherents a Suitable peice of Land to Erect a meeting house on of Mr James Lindall, which was formerly Mr Curwins, as the Same Shall be apprized by Indifferent men, which is about forty Seven perch distant, as the Streets go from the Frame, which place we are of Opinion will full as well if not better Accommodate them for Erecting a Meeting house on as the place where the frame now Stands

The Com^{tee} therefore further Report as their Opinion, that M^r Fisk & his Adherents be prohibited from finishing the present frame for & using it as a Meeting house in the place where it now stands; for should the same Frame be finished & used as a meeting house there, we can't but Apprehend it would have a direct Tendency to perpetuate the Unhappy differences arisen and Still Remaining in said Parish; And further, in Case Mr Fisk & his Adherents shall not within two Months Comply with the aforesaid Offer, or with other proposals under the hands of the petrs herewith Exhibited; (which were delivered to the Com^{tee} after M^r Fisk and his Adherents were withdrawn) that then they be Strictly prohibited from Erecting any house for the publick Worship of God within Forty perch of the present Meeting house in said Parish; And the Comtee further Report as their Opinion that the petrs and there Adherents Inhabitants, of said Parish be freed from paying anything towards Mr Fisks Salary, or Support from the time of his dismission on the 18 of April aforesaid to this time and for the future all which is humbly Submitted

Isaac Walker Nine hundred & thirty Acres and yet but one Settler, John Green & Byfield Lyde, entred Eight hundred Acres, & yet but one Settler, Israel Williams Seven hundred & twenty Acres & yet but one Settler, Josiah Phelps One Thousand agres & yet but two Settlers; We also find that most if not all these Rights have pass'd thrô the hands of David Ingersol, if not the Additions made them While Under his management, and that said David Ingersol stands no less at present than Seven Rights of four hundred Acres each entred to him in this List. We are Informed that the List was made in Boston and that the Original List or Lists with other papers Relating to their Transactions were in the County of Hampshire; And altho we Enquired for the Account of the particular Gradations or Steps how these Unequal Rights were brought to the present pretended owners Yet we could have no Satisfactory Account thereof nor the Reason why they were thus Wherefore we are of Opinion that some bountifully dealt by Suitable person or persons be Appointed & Impoured by this Court to make Inquiry into these papers, Records, Entrys, Lists & doings of the Settling Comtee above mentioned, and if need be to take the Depositons of any persons in those parts vizt in the County of Hampshire as may be knowing in these Matters; and Report the Same to this Court at their next Session that so the said James Bowdoin, Joseph Green, Isaac Walker, John Green, Byfield Lyde, Israel Williams, and Josiah Phelps may be Reduced in their pretensions of Land in said Upper Housatanock so as to make their Rights equal with the other viz' Four hundred acres to One Right or Settler and the Number be Reduced to Sixty besides the publick lots and if there be any Remainder of Land afterwards, it may be Equally divided Among the Settlers and that the Committee be Restrained or forbid to Confirm or do anything tending to Confirm these Excessive Grants, or any part of them Untill this Court shall give further direction thereabout, nor give or Attest any Copys of the said Grants, but that they be open & free to be Reduced to the Original Standard Agreed by the first Comtee and the Intention of this Court as aforesaid all which is humbly Submitted By order & in the name of the Committee

In Pursuance of the order of the General Court appointing us the Legislative subscribers a Comittee to lay out a Township unto the Housatunock Records of the Council, xvi., Tribe of Indians &c We went to Housatunock in April last and 400. Mass. surveyed the Lands in Sheffield, which s^d Housatonuck Indians resigned exhii., 75. to the Government, the next day we began at a heap of Stones about Mass sixty rods North from Moses Kings, which heap of stones is reputed Archive to be the North boundary of the Town of Sheffield thence we measured Legislative to Joakim Van vol kenberries which is near the place where some of the Records of the Housatonuck Tribe now dwell, from thence we measured Eastwardly 346. House four hundred & fifty rods, and there made a Monument, which is the Journal, p. 79.
Station from whence the Township is described in a platt herewith Exchap. 225.
hibited & made by Climathy Designt appropria hibited & made by Timothy Dwight surveyor

We further Report That we sent for the People setled in the Upper Township at Housatonuck, & acquainted them with the design of the Government, they shewd a great uneasiness & would not Consent that any of their Township should be taken off for the use of the Indians; but they returned to us a few days after & all of Them freely Consented that part of their Township should be taken off, we making them an Equivalent for what the remaining part of the settlers below the Mountain should have taken from them.

We have likewise discoursed with all that have rights above the Mountains, most of whom are willing to resign their rights & to take an Equivalent elsewhere And we have already agreed with some of them for an Equivalent; but inasmuch as others are not agreed with, we are Obliged to defer a further Report till that Affair is perfected

We think it our Duty to take notice that Joakim Van volkenberry with a numerous Family is setled above the Mountain within the Township laid out to the Indians who has something more than three setling Rights Confirmed to him by the Comittee for Housatonuck. This Man is the Interpreter for the Indians of whom they are extremely fond, insomuch that it will be vain to endeavour to remove him

TO THE HONOURABLE HIS MAJESTY'S COMMISSIONERS FOR MARKING OUT AND SETTLING THE BOUNDARIES BETWEEN THE PROVINCE OF THE Massachusetts-Bay, AND THE PROV-INCE OF New-Hampshire, AS WELL ON THE SOUTHERN AS ON THE NORTHEN PART OF

A BRIEF AND PLAIN STATE OF THE CLAIMS AND DEMANDS OF THE PROVINCE OF THE Massachusetts Bay, Touching the Boundaries aforesaid, by them presented.

Massachusetts Bay, touching the Boundaries aforesaid, by them presented.

Whereas His Majesty King Charles the first, by his Letters Patents, dated March 4th. 1628, Erected the Colony of the Massachusetts-Bay into a Corporation Government, describing their Bounds to comprehend all the Lands lying between Merrimack River and Charles River, and all the Lands lying within three Miles on the south Side of Charles River, or any Part of it; and all the Lands within three Miles and to the Northward of Merrimack River, or any Part of it; and all the Lands within the Limits aforesaid North and South in Latitude and Breadth, and in Length and Longitude, within all the Breadth aforesaid throughout the Main Lands from the Atlantick Ocean, to the South Sea.

And afterwards by his Letters Patents dated Anno 1635, erected the Province of Main, bounding it on the south West thus, viz. Beginning at the Entrance of Piscataqua Harbour, passing up the same to the River Newickwannock, through that to the farthest Head thereof, and from thence to rum Northwestward till one hundred and twenty Miles be finished.

On the 26th. of July 1677. Upon the Petition of Mr. Mason and Mr. Gorges against the Colony of the Massachusetts Bay, the northern Bounds of this Colony cere brought in Judgment before His Majesty King Charles the second, and after several References and Hearings, His Majesty's final Judgment in Council thereon was given, viz that the North and South Bounds of this Colony so far as the Rivers extend, shall follow the Course of the Rivers, but volen those known Boundaries determine, the Breadth shall be carried on by imaginary Lines to the South Sea.

imaginary Lines to the South Sea.

Upon that supream judicial Determination, and within two Years after it [1679, in margin], King Charles the second, by his Letters Patents, Erected the Province of New-

Hampshire, bounding the same from three Miles northward of Merrimack River, or any Part thereof, to the Province of Main.

King William and Queen Mary by their Letters Patents dated the 7th. of October 1691, united the late Colony of the Massachusetts and the Province of Main, with other adjacent Territories, and Erected them into one real Province, by the Name of the Province of the Massachnsetts Bay in New-England, with which the southern and northern Boun-

daries of New-Hampshire are now to be settled, marked out, and Plans thereof made, to prevent all future Disputes concerning the same.

NOW THEREFORE, Pusuant to these ancient Grants from the Crown, made above NOW THEREFORE, Pusuant to these ancient Grants from the Crown, made above a hundred Years ago, Acknowledged and more particularly Explained in that judicial Determination of the King in Council, and rected and confirmed in the Province Charter; the Province of the Massachusetts-Bay, Claim and Demand still to hold and possess by a boundary Line on the sontherly Side of New-Hampshire, beginning at the Sea three English Miles North from the Black Rocks so called, at the Mouth of the River Merrimack, as it emptied it self into the Sea sixty Years ago, thence running parallel with the River as far Northward as the Crotch or parting of the River, thence due North as far as a certain Tree commonly known for more than seventy Years past by the Name of Endicott's Tree, standing three english Miles Northward of said Crotch or parting of Merrimack Rirer, and from thence due West to the South Sea; which they are able to prove by ancient and incontestible Evidences, are the Bounds intended granted and adjudged to them as aforesaid; which Grant and Settlement of King Charles the second, Anno 1677 as abovesaid, we insist upon as conclusive and irrefragable. as abovesaid, we insist upon as conclusive and irrefragable.

And on the northerly side of New-Hampshire a boundary Line beginning at the Entrance of Piscataqua Harbour, passing up the same to the River Newickwannock, through that to the farthest Head thereof, and from thence a due Northwest Line till one hundred and twenty Miles from the Month of Piscataqua Harbour be finished, which is the extent of the Province of the Massachusetts on that Part: And therefore we doubt not but that you will judge it just and reasonable to order the Bounds and Lines before mentioned to be run, marked out and established accordingly, so far as New-Hampshire extends; and desire that Plans thereof may be made for the perpetual Remembrance of

ORDER ACCEPTING THE REPORT OF THE COMMITTEE ON THE PETITION OF NATH UPHAM AND OTHERS OF MALDEN IN REGARD TO TAXATION FOR THE SUPPORT OF THE MINISTRY.

The Committee appointed to repair to Malden & do Report that Legislative they have throughly viewed said Town and fully heard the several Council, Parties; And it appears to the Committee that there has been a long xvii. (1), 112. Dissention in said Town, particularly about the place of Publick Wor- House Jourship; that about ten years agoe a Meeting House was built at the nal, p. 112. Ante, p. 430, charge of the Town, and placed so as to suit the Northwardly Part of chap. 169. the Town: some years after an other Meeting House was built by the Southwardly Part of said Town and in that part of the Town a Minister has been settled and ordained; and there seems no prospect that the Town will again unite again in one Place of Worship. It likewise

appears by the consent of the parties that the Division of the Town by the Lines proposed by the Petitioners is an equal Division of said Town; it also appears by the consent of the Parties that the Towns Meeting House (as it is called) is so situate as best to accommodate the Norther Part of the Town and that the South Meeting House is situate so as well to accommodate the People in the Southern Part of the Town: The Committee do further represent that the principal objection made by the Northern Part of the Town against their being divided into two Towns or Parishes is their inability to maintain two Ministers. The Committee to satisfy themselves examined some of their Tax Bills, by which it appears that there are about Two Hundred and ten Polls in said Town, and that the inhabitants of said Town generally pay to Mr Emerson very small rates; so that there seems to be no reason to question the ability of the Town to maintain two Ministers. Therefore the Committee are of Opinion, for promotion of Religion and the Peace of the Town, The town of Malden be divided into two Precincts, and that the Southern Precinct be bounded by the Lines described in their Petition and that all the Polls on the Southwardly side of the Divisional Line together with their estates lying and being in the Town of Malden be taxed in the South Precinct, saving that Samuel Bucknam, John Shute, James Honey, James Green, Obadiah Jenkins, Isaac Wheeler, Isaac Wait and Jonathan Knower, be allowed for the present to continue in the North Precinct and that their Polls and Estates be taxed there, so long as they with their Families shall generally attend the Worship of God in the Northwardly Parish: and that the Polls on the Northwardly Side of the Divisional Line with their Estates lying and being in the Town of Malden shall be taxed in the Northwardly precinct. And whereas there is a considerable estate (lying partly in the Town of Malden and partly in other towns) voted to the support of the Ministry in the town of Malden; the Committee are of Opinion that the Profits and Income of all such estate shall be equally divided to the two Precincts, and applied to the support of their respective Ministers; saving that the Revd Mr Emerson have the improvement and profit of the Parsonage House and Land in Malden during his life or continuance in the Ministry there. All which is humbly submitted.

In the Name and by Order of the Committee Boston Dec. 24, 1737. John Stoddard.

The Committee appointed to consider the Report of a Committee of this Honourable Court so far as it relates to the survey of Suffield equivalent Township; the Grant to Mr Christopher Jacob Laughton; and also the Petitions of Francis Wells Esq^r & M^r John Foye &c upon

mature consideration thereon report viz^t

That the Plat of the said Township as set forth by Capt William Chandler Surveyor &c, with all the lands therein delineated and described (exclusive of three hundred Acres granted to said Laughton) be accepted; and that the full contents of six miles square thereof & no more be confirmed to the original Grantees the proprietors of Suffield their heirs and assigns respectively in full satisfaction of that Grant, they performing the conditions thereof. And upon inquiry into the petition of the said Wells and Foye, it appears to the Committee, that the said Petitioners were not knowing at the time of their purchase of any wrong or overplus measure in the former survey of the said Township; and that the facts therein alledged are true and the taking away the overplus Land will intirely destroy the settlement of their several Divisions of Land, for a great deal of which they have passed Deeds The Committee are therefore of opinion that the with Warranty. surplusage of the lands set forth in the plat more than the contents of the said six miles square, & the three hundred Acres granted to sd Laughton, be granted & confirmed to the said Francis Wells and John Fove their heirs & assigns respectively for ever, on condition they settle eighteen Families more on the lands set forth in said Plat in as full & ample manner and in all respects, and within the time limited for settling sixty families in the original grant to Suffield proprietors; and also that the said Wells and Foye do within two years pay into the publick Treasury the sum of fifty six pounds thirteen shillings & four pence of the New tenour Bills, or one hundred & seventy pounds of the Old tenour, into the publick Treasury to reimburse the charge of the Committee of the Court in Correcting this & other plats at or near

On the Petition of Elias Van Skoick:

The Committee find that the Petitioner is seized of four Rights in the Indian Town, one of which was originally granted to him, the other three he has purchased of Cornelius Van Skoick, of Tunis Van Slicks and Dirick Van Slike; he has built but one House and that on an other mans land; has settled but one Family; has tilled but about five acres and an half of land in each Right, besides a small quantity of Upland; so that he has much failed of the performance of the conditions at least of three Rights. We also find that he has enter'd into the Intervale Lands belonging to Aaron Gardner and part of that belonging to Aaron Van Dyke Esqr and keeps the Indians out of possession, althô the Committee for the Indian Town have long since purchased those rights for the Indians. We are of Opinion that the Committee for the Indian Town be directed to purchase the Intervale Lands laid out below the Mountain in Upper Housatanuck to four Rights, together with the After Divisions belonging to two Rights, exclusive of the Hoplands, and the same to confirm to the Petitioner, on condition that he shall resign his possession in the Indian Town before next winter, and relinquish to the Government all his Rights in said Town, and shall within twelve months settle two families on the lands to be granted, and perform all other conditions in the Grant of Upper Housatanuck, and that he and his tenants shall from time to time, without trouble, pay his and their proportionable part of the Ministerial Charges arising in the Town or Parish wherein his lands shall ly; And in case he shall not comply herewith and by the time aforesaid, that then three of the Rights at least which he claims, be declared forfeited, and that some Person or Persons be appointed by this Court to eject him. On the Petition of Joseph Pixley and others of Upper Housatanuck The Committee find that by the Act making Sheffield a Town, their Bounds are ordered to extend from the Divisional Line between this Government and the Colony of Connecticut North Eight miles, and that Upper Housatanuck extends Southward from the Indian Town about Four miles and that between these Two Townships there is a Tract of Land about three miles North and South which was formerly designed to be part of Lower Housatanuck Township, but was not included in their Bounds; on which Land there are about twenty families settled; The Committee are of opinion that in convenient time the said Tract be added to Upper Housatanuck and made part of that Township without altering the property of those Lands. Committee do further propose that Ephraim Williams Esqr be desired, at the charge of the Proprietors of Upper Housatanuck, to take a survey of the lands called Hop-Lands, and likewise of the valuable lands adjoining and of any other Interval Lands in said Township, and present Plats thereof with a description of the quality of those Lands, to this Court at their next Fall Session, that they may be able to order a Division of those Lands among the Proprietors; And that this Committee may have longer time to make report upon some matters in which they cannot be well informed at present, and this Petition be referred to the Fall Session for further consideration. A Petition of John Pophnehonowet alias Kunkapot and others, Indians of the Housatannuck Tribe, complaining of great molestation and disturbance they have received from one Elias Van Sekoik, so that they can not enjoy their just rights in the Township which has been laid out for them by Order of this Governm^t; Praying for relief in the premisses, and that this Court would order a Division of the Township among the several Grantees.

Read and upon due Enquirey into the facts within Sett forth, relating to Elias Vanschoic and full Consideration had thereon, it appears that the s^d Elias had but one right granted him by the Settling Committee for the Houseatunock Towns and that he had bought three rights more of other Grantees all w^{ch} were granted upon certain Conditions of Settlement, and that neither the S^d Elias on his Own right or on the three rights he bought, nor those he bought of have Complyed with the Conditions of the respective Grants there not being So much as one house built on either of s^d lotts, nor any family on any of them and altho' he has made Considerable Improvements thereon yet by Credible Information the Land is not so valuable as when it remained unimproved.

Voted therefore that the s^d four rights are justly forfeited to the province, and that as to the other two rights, he has not the least pretence to any title thereto, And forasmuch as it also appears that the S^d Elias is a person of a very turbulent and haughty Spirit, that he is often disturbing the quiet of the Indians, and has thereby rendered himself very obnoxious to them & should he Continue among them it would greatly discourage the Indians from Settling and Continuing there whereby the good Intentions of the Governm^t in making the Grant of the Town to the Indians would be frustrated, It is therefore

S^d process to final Judgment But inasmuch as the s^d Elias was one of the first persons who Improved Land there and was of Some Service

in the first Settlemt of the place it is hereby

Voted and declared that in Case the sd Elias will timely and quietly resign up the s^d four rights, for the use of the Indians Inhabiting or that shall hereafter Inhabit there, the Settling Committee So Called for the Housatunock Towns shall allow him a full equivalent for two rights in the upper Housatonnock Town if there to be found, if not in Some of the unappropriated Lands of the province, and they are desired to offer him the Same So Soon as that there may be time for prosecuting the s^d Writ of Ejectment in Case of his non complyance

And for as much as it will be of great Service to the Indians to have

the Meadow Lands divided amongst them

Voted that the Honoble John Stoddard Esq^r and Ephraim Williams Esq^r be appointed and Impowered to See the Same done, that so the Indians may hold their parts in Severalty. [Passed June 21.1]

The Committee appointed on the Petition of the Inhabitants and Proprietors situated on the Westerly side of Dunstable and Northerly side of Groton, Having after, Notifying all parties, repaired to the Lands, petitioned to be erected into a Township, carefully viewed the same; Find a very good Tract of Land in Dunstable Westward of Nashaway River and between said River Souhegan River Extending from Groton New Grant and Townshend line six miles East, lying in a Very commodious Form for a Township, and on said Lands there now is about twenty families, and many more settling, that none of the Inhabitants live nearer to a meeting House than seven miles and if they go to their own Town have to pass over a Ferry the greatest part of the Year. We also find in Groton a sufficient quantity of Land accommodable for Settlement, and a Considerable number of Inhabitants thereon that in some short time when they are well agreed may be erected into a distinct Parish; and that it will be very inconvenient to erect a Township in the Form prayed for or to break in upon either Town. The Committee are of Opinion that the petitioners in Dunstable are under such circumstances as necessitates them to ask relief which will be fully obtained by their being made Township, which if this Honble Court should judge necessary to be done; 1 mittee are further of Opinion that it will be greatly for the Good & Interest of the Township that the non-resident proprietors, have liberty of Voting with the Inhabitants as to the building & placing a

meeting House and that the Lands be equally taxed, towards said House And that for the support of the Gospel Ministry among them the Lands of the non-resident proprietors be Taxed at two pence per aere for the space of five years.

The Committee Appointed by the Great & General Court (upon the Petition of Samuel Chandler John Sherman & phinehas Rice prefer'd to S^d Court in their Session in May 1739) Report thereon as followeth Vizt First we would Observe to this Hon^{ble} Court That upon a Petition of Samuel Chandlers & others S^d Court Did give liberty to Forty petitioners to purchase the lands at Hassanamisco petitioned for, upon Conditions & under the Reservations expressed in a Vote of the House of Representatives on June 9th 1725. That pursuant to the aforesaid Conditions, as also an Act of the General Court made & passed in the first Year of his Majesties Reign Intitled An Act to Oblige the Forty petitioners for a Tract of Land at Hassanamisco together with the English proprietors of the Other lands there to pay the Charge of Erecting A Meetinghouse & Schoolhouse &c the S^a English proprietors having built a Very Decent Meetinghouse did Assign a Certain place for the Indians Seats, And we being at Hassanamisco, at the Motion of Several of the principal Gentlemen of the proprietors we Viewed S^a place being the part of the House on both Sides of the South Door from the Wall to the Alley with which place we Observed the Indians to be very well pleased. And we declared

that it was Acceptable to our sclues as Trustees for them.

That before the Said proprietors had Accomplished & performed the Conditions expressed as afores^d, as also t[he]² Conditions of their Bonds given to the Trustees respecting the Same, Several of the Said purchasers (contrary to the Orders of this Court & without any Approbation or Countenance of the Trustees) Sold their Rights, by which means other persons (not named in those Obligations) became proprietors of lands th[ere]²

And upon Application to this Hon^{ble} Court in their Session Anno 1734. (which we humbly Concei[ve]¹ was too hastily pushed forward) the Said lands were Enacted into a Township & the Inhabit[ants]¹ Vested with Town powers & privileges.

That before the Said Investiture, the proprietors had proceeded by their Vote to Appoint a Com^{ee} wh[ieh]¹ pursuant to Said Vote had disposed of the places for pews to Sundrey of the s^d proprietors, Assigning two of those pew places to Some of the proprietors known by the name of the Nine families, and othe[r]¹ of them to Some of the Forty purchasers who had Setled their Interests by themselues or their posterity,

And ([so] far) Conformed to the Order of this Court.

That after the Inhabitants were Constituted a Township as aforesaid, They Apprehending (as we conceiu[e]¹) that the Meeting house, and Accordingly the Disposition of the pew places as well as other Seats Apperta[in]¹ ed to them as a Town, proceeded to make Sale as well of the place Assigned to the Indians as afores[aid]¹ as also of the pew places before Disposed of to some of the English proprietors as aforesaid That the mi[s]¹ understandings Arising upon this head has Occasioned the Contentions that haue happened between the p[$^{\text{ro}}$]¹ prietors who were the first purchasers & the Inhabitants & later proprietors in said Township, And gi[ve]¹ Rise to the petitions now lying before this Hon^{ble} Court, Each party Endeavouring to Support & Secure their Supposed rights & privileges.

That though it Appears that both the proprietors & Inhabitants of the Town of Grafton are Desirous that the Bonds Obligeing the first proprietors respecting the Maintenance of the Ministry & School &c may be Cancelled & the future Charges thereof fixed on the Inhabitants as a Town Ye[t] we Apprehend that it is not practicable at present upon the whole Are of Opinion That the proprietors who purchased the lands together with the Nine families who were Joined with them in the Charge of building the Meeting house &c had the right to dispose of the pew places & by their Vote (being Regularly Assembled) did Dispose of the most of said pew places as aforesaid, before the Inhabitants were Incorporated into a Township, & that before the Bonds of the proprietors relating to Settlement be given up, it is requisite that all & Singular the Conditions expressed & comprehended in the Vote of the House of Representatives on June 9, 1725, relating to the Lands Reserved to the Indians be fully perform [ed] 1 so that this Honble Court may be Ascertained that the Indians have each of them a Dividend equal to one of the Forty purchasers, And plans thereof as also of the Other lands Reserved for the Indians brought in Accordingly, to be laid before this Court, at the Charge of the Said purchasers, which the Said purchasers (though often urged by the Trustees) have hitherto [neg] lected Wee are further of Opinion That it would very much Obstruct the good Intention of the Government in their Grant of those Lands if the Indians through Discouragement or Disgust become Negligent in their Attendance on the publick Worship, And That therefore they be by no means prevented the Enjoyment of Convenient Seats in the place formerly Assigned to 'em and which then was & still is very pleasing to them. We are further of Opinion That so long as the said Bonds remain in force the Said first purchasers with the other proprietors known by the name of the nine families are to be considered as the only persons Obliged to maintain the Ministry & School for the benefit of the Indians (as well as English) without Charge to the Indians or their posterity, And that the Government of the Meeting house and School house so far as respects their personal Interest & the benefit of the Indians belongs (under the Direction of the General

The Committee to whom was referred the Petition of the Town of Little Compton &c. having heard the Petitioners, the Respondent & their respective Counsels, read the papers, evidences & considered maturely the whole Do find that Joseph Southward & others of Little-Compton preferred their petition to the Court of General Sessions of the Peace of the County of Bristol held there September 1736 wherein they pray that Court to cause a way to be laid out across Barkers neck in Little Compton, if there was not a way between the two tier of lots on said neek and that the said Court thereon ordred three persons of the neighbouring towns take the said Petition & all matters relating thereto into their consideration & the necessity & conveniency of a Way across said neck, and we find that the said Committee not only report the Necessity of a Way across said neck but actually declare when and how the said Way should be laid out whereon the said Court Ordered a Warrant for the impannelling a jury &c to lay out a high way over said neck & estimate the damages &c which jury so did & made return of their doings which was rejected by the said Court, this Committee further Observe that about a year after a fresh application was made to the Court of General Sessions of the Peace A.D. 1738, for another jury but cannot find any order thereon yet a Warrant issues under the hand of the Clerk to the Sheriff directing him to summon, a jury to lay out a high way across s^d neck which was Accordingly done report made and after severell continuences accepted and an Open high way recorded across said Neck Altho such Open high way was not petitioned for or reported by the committee of the adjacent towns (who were also related nearly to some of the Petitioners) and the Courts being Adjourned without day, Whereby the whole was at end before the last warrant was issued: Upon the whole the Committee are of opinion that the Petition be granted the whole proceedings of the Court of General Sessions of the peace for the County of Bristlol² held in June 1739 be declared irregular and be wholly set aside, And all other proceedings Subsequent thereunto be also null & void.

That the Notes thereby proposed to be issued are upon so slender a foundation, that the circulation of them among the people of this Province may have a great tendency to depreciate the Bills of Credit already circulating and consequently endamage his Majesty's good Subjects as to their propertys.

The Committee to whom was referred the Memorial of the town of Boston, having duly considered the same are of opinion that the method therein proposed for stopping or straitening the Channel below Castle William so as to prevent large Ships from passing there, may be as effectual for securing the Province and more especially the town of Boston as any other method we can think of; yet are not so fully satisfied that the part of the Channel which the memorialists propose to be stopt is the most suitable wherein to effect the thing designed, but that we apprehend it may be advisable before liberty be granted to proceed in the affair, that the Channel in other parts of it below the Castle & particularly in the place called the narrows be exactly measured both as to its width & depth—and a representation thereof made to this Court that so they may be able with better advantage to determine an affair of so great importance.
